OBJECTIVE

Enthusiastic and dedicated individuals with a passion for web developer with proficient in front-end and back-end technologies, seeking for a challenging role to invest my strong coding skills, problem solving abilities, and a keen design to contribute to the success of a dynamic development team.

EDUCATION QUALIFICATION

Course	Institute	Univ/Board	Passing year	%
B.com	Sathyabama Institute of Science and Technology, Chennai	AICTE, New Delhi	2023	81.30
Intermediate	Private, Tamilnadu state board Education	TN Board	2020	65
High School	Private, Tamilnadu state board Education	TN Board	2018	70

SKILL SET

Programming Languages :   Python, Java

Database   :   MySQL

Web Technologies   :   Html, JavaScript, Django

PROJECTS

Doctor Website (Medico) – Developed a user-friendly Doctor Appointment Scheduling website to streamline patient-doctor interactions and improve overall healthcare accessibility.

My Role – Served as full stack developer and responsible for designing and implementing key features, including appointment booking and scheduling, patient profiles.

Skills - Developed the website using HTML, CSS, and JavaScript, ensuring a responsive and user-friendly design. Integrated a Create, Read, Update and Delete operation system (CRUD) to facilitate easy updating of Appointment information and resources.

Student Management System (Hola Skool) – Developed a comprehensive Student Management System to streamline administrative tasks and enhance communication within the academic environment.

My Role - Served as the backend developer for the project, overseeing the design, implementation, and testing phases.

Skills - Implemented the system using Django, Dbsqlite, ensuring a robust and scalable solution. Utilized HTML, CSS, JavaScript, and Bootstrap for designing an intuitive and user-friendly interface.

CERTIFICATIONS

Course	Institution/company	Duration
Python	If and For Endeavor	Oct – Jan 2022-2023 (3 months)
Java	If and For Endeavor	Feb – May 2023 (3 months)
Full Stack Web Development	If and For Endeavor	June – Nov 2023 (6 months)

ACHIEVEMENTS

- HackerRank Gold badge in JavaScript.

HOBBIES

- Playing keyboard.
- Watching series.
- Reading biography.

I hereby declare that all statements shown here are true to my Knowledge and Skills.
